EMPLOYMENT HISTORY

Project Manager – PMC | MAB Consult | August 2023 – Present | KSA

- Managed the end-to-end project lifecycle for major activation portfolios (Yanbu Activation Portfolio) and fit-out projects (JABA & OPAL Fit-out).
- Drove proactive progress tracking, task monitoring, and ensure timely, high-quality project completion.
- Controlled project finances by implementing strategic cost management methodologies to consistently deliver projects within the defined budget.
- Coordinated all stakeholder communications and successfully oversaw the complete tendering and contract management processes.
- Clients: ASFAR (PIF), Baheej Investment Company, AWN Enterprise.

APM & Technical Office Engineer – PMO | Tamimi Markets Co. | May 2021 – August 2023 | KSA

- Led the complete mechanical discipline across all projects and facilities, managing design coordination with internal and external consultants.
- Directed end-to-end project planning, including the development of SOW, BOQ, and schedules, and prepared budget proposals for the Project Director.
- Managed all commercial and procurement activities; served as the primary point of contact for tenders, contracts, POs, and change orders, conducting techno-commercial comparisons.
- Oversaw project execution, contractor management, and material submittal approvals, ensuring compliance across multiple regional projects.
- Analyzed and presented key project and procurement reports, including budget vs. actuals and site progress, to Management using Power BI.
- Key Projects: The Aero phobic Farm project, The MENA port Warehouse Renovation, Technical Support for in-house projects.

Mechanical Chief | Tek Yapi Construction and Trading Corporation | Jan 2018 – April 2021 | KSA

- Managed core project functions including Tendering, Reporting, Cost Control, and Planning across multiple Turnkey projects.
- Executed mechanical works across all major Industrial Plant projects (Pepsi Bottling Logistics Center, Frito-Lay Plant Extension, 3M Manufacturing Facility).
- Provided technical support and managed job requirements during the project's warranty period.
- Utilized BIM software (Revit and Navisworks) for comprehensive design and coordination.
- Clients: PepsiCo, 3M, Schlumberger.
